-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-6 and 11-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claim limitation and figures are not in compliance with one another. The limitation "wherein said at least one integrated circuit chip is disposed between said at least one battery and said package" does not comply with figure 2(b) because the integrated circuit chip lays on top of a portion of the package as described in the newly added claim limitation "wherein said at least one integrated circuit chip lays on top of a portion of said package." Please cancel the aforementioned limitation to place the claims in proper form.

Allowable Subject Matter

3. Claims 7-10 are allowed.

Claim 7 is allowable. The reason for allowance is that the prior art of record fails to disclose or reasonably suggest that

As to claim 7, a multi-chip module integration system comprises: a multi-chip module having a pair pf opposed upright ends; at least one battery connected to said multi-chip module; and at least one integrated circuit chip connected to said battery,

wherein said integrated circuit chip is powered by said battery, and wherein said at least one battery overhangs, and is larger than, said at least one integrated circuit chip, wherein said at least one integrated circuit chip lays on top of a portion of said multi-chip module. It is these features found in the claim, as they are claimed in the combination, which has not been found taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

Claims 8 and 9 are allowed due to their dependency on claim 7.

As to claim 10, a multi-chip module integration system wherein said multi-chip module integration system comprises; a multi-chip module; at least one battery connected to said multi-chip module; and at least one integrated circuit chip connected to said battery, wherein said integrated circuit chip is powered by said battery, wherein said at least one battery connects to a pair of opposed upright ends of said multi-chip module, and wherein said at least one battery overhangs, and is larger than, said at least one integrated circuit chip, and wherein said at least one integrated circuit chip lays on top of a portion of said multi-chip module. It is these features found in the claim, as they are claimed in the combination, which has not been found taught or suggested by the prior art of record, which makes this claim allowable over the prior art.
